

A Study of the Christian Worldview by Looking At Its Origins: A Study of Genesis 1-11

Lesson 2: “Creation or Evolution?” Genesis 1:3-25

Overview

Evolution is prominent in our culture, and scientists often pit religion against science. But what assumptions are they making when they say “science”? Is it simply science, or are they importing a larger worldview into what they mean? Today we will study how the Scriptures present Creation *ex nihilo* and how Evolution describes the world
